

Proclamation

This year marks the 40th anniversary of the University of Hawai'i's School of Travel Management (TIM School). The TIM School, established in 1966, boasts a rich history of innovation, growth and change, which has impacted the more than 3,000 students who have graduated from its program.

Since the inception of this school, its operations have been supported and enhanced by the travel industry committee from the School's Advisory Board and Council, who have provided guidance to TIM programs.

The goal of the TIM School is to develop and disseminate travel and tourism concepts, knowledge and skills through excellence and leadership in research, training, outreach and service. The program contributes to the economic, social and environmental sustainability, as well as supports the host culture.

Over the past four decades, many who have been involved in the TIM School have enabled the travel industry to move forward at all levels. Today, the school is recognized as one of the world's most respected programs in the field of hospitality, tourism and transportation management.

In future years, the TIM School will strive to become one of the leading travel and tourism education and knowledge creation programs in Hawai'i and the Asia-Pacific region.

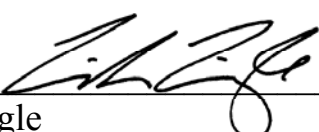

On October 23, 2006, the TIM International Alumni Association, TIM Advisory Board along with TIM students, faculty and staff will host a special 40th anniversary celebration at the Hawai'i Convention Center in recognition of this milestone occasion.
